Work Experiences

Mar 2022 – Jun 2022

Web Developer

Avant Gaea

- Designed and built a responsive B2C E-commerce platform using HTML5, CSS3, and JavaScript.
- Daily maintenance of code, debugging issues, and solving clients' problems.
- Led my team and collaborated with the project management team to deliver the project on time and with the highest standards.

Jan 2022 – Mar 2022

Quality Assurance Engineer

Brainnest

- Identified bugs impacting critical user flows by exploratory testing and error guessing, and documented problems to improve user experience.
- Performed defect tracking and management using "Jira".
- Developed and maintained test cases and test suites using "Qase.io".

Sep 2021 – Dec 2021

UX/UI Designer

Etiq AI

- Re-designed the dashboard and developed 2-3 prototypes per week to improve UX and data readability.
- Conducted and created several use cases on over 5,000 records to implement visualizations of data into the dashboard.
- Tested and analyzed more than 3 systems to compare with our current one, and presented my findings in a clear and concise manner to key decision-makers.

Jul 2021 – Present

Public Relations Specialist

Google Developer Student Clubs UJ

- Managed and coordinated more than 6 online sessions on IT-related topics for students.
- Managed the process of validating and sending more than 200 certificates for students and instructors.
- Managed the process of contacting offices in Jeddah to hold our in-person sessions.

Sep 2015 – Present

Mawhiba Fellow

King Abdulaziz Foundation for Giftedness and Creativity "Mawhiba"

- A Mawhiba Ambassador at the "Talent Ambassadors Program".
- Nominated by Mawhiba to participate in two international programs that took place in CA, Berkeley, and MA, Boston.
- Selected as the top 2% of all students in my year according to Mawhiba's Multiple-Cognitive Aptitude test, with a score of 97.72%
